Submitting a Subject Access Request

Under the General Data Protection Regulation, individuals have the right to submit a subject access request, so they can be aware of the information we are processing about them, and verify the lawfulness of the processing. We have provided a Subject Access Request form that you can use if you wish to submit a subject access request.

A paper copy is available from the school offices, and a digital version is on the school and Trust websites. Please hand your completed form in to the school office, from where it will be passed directly to our data protection officer, or email it directly to the data protection officer: Anna Hennell James, email: office@omat.org.uk

WHERE LEARNING IS UNSTOPPABLE AND ASPIRATIONS HAVE NO LIMITS
